

## GERMAN BEE MUSEUM

Honey is especially sweet when you eat it, and the wonderful world of bees is especially interesting as soon as you discover it. It is remarkable, that Weimar, the city of German Classicism is also housing the oldest German museum of bees. Today it is part of the town museum of Weimar. The Bee Museum shows a permanent exhibition on the biology and cultural history of the bee. A major collection of beehives decorated with folk-art designs is also on display.
