A treat not to be missed is the Thuringian Three Towers Trail, which has been awarded the Wanderbares Deutschland seal of approval from the German Ramblers' Association. The 26km trail enables you to explore the landscapes and cultural attractions of this walking region situated to the south of Weimar, the home of classicism. Following a circular route, it links Bad Berka's Pauline Tower, the Hain Tower near Weimar and the Caroline Tower on Kötschberg hill near Blankenhain. Enjoy outstanding views across the surrounding countryside and seek inspiration from the combination of nature, the arts, learning and Thuringian heritage.
