

MULTIMEDIA CITY TOUR

Tourists can enjoy their own personal tour through Weimar with German, English, French or Dutch commentary using an iGuide, which describes 30 attractions with both text and images. Goethe and Schiller chat about Weimar in an entertaining manner, quoting from their works. The iGuides can be rented from the Weimar Tourist Information Office, and are particularly ideal for guests with restricted mobility.

New: "Weimar during National Socialism" is now also available as a fully multimedia tour: With commentary about the Nazi sites in Weimar, with original speeches by Adolf Hitler and others, as well as numerous photos – currently only in German.

The specific multi-touch-screen technology enables the app to be used intuitively. You can also get your bearings using a map, and select a cover from a menu.
